Pocahontas- AVATAR

2154

In 1607, a ship carrying John Smith^{Jake Sully} arrives in the lush "new world" of North America. The settlers are mining for ~~gold~~^{unobtainium}; under supervision of Governor Ratcliffe. John Smith begins exploring the

new territory, and encounters Pocahontas^{Neytiri}. Initially she is distrustful of him, but a message from ~~Grandmother Willow~~^{Tree of Souls} helps her overcome her trepidation. The two begin spending time together,

~~Pocahontas~~^{Neytiri} helps ~~John~~^{Jake} understand that all life is valuable, and how all nature is a connected circle of life. Furthermore she teaches him how to hunt, ~~grow crops~~^{hunt dragons}, and of her culture. We find

that her father is Chief ~~Powhatan~~^{Eytukan}, and that she is set to be married to ~~Kocoum~~^{Tsu'tey}, a great warrior, but a serious man, whom ~~Pocahontas~~^{Neytiri} does not desire. Over time, ~~John~~^{Jake} and ~~Pocahontas~~^{Neytiri} find

they have a love for each other. Back at the settlement, the men, who believe the natives are savages, plan to attack the natives for their ~~gold~~^{unobtainium}. ~~Kocoum~~^{Tsu'tey} tries to kill ~~John~~^{Jake} out of jealousy, but he

is later killed by the settlers. As the settlers prepare to attack, ~~John~~^{Jake} is blamed by the ~~Indians~~^{Na'vi}, and is sentenced to death. Just before they kill him, the settlers arrive. Chief ~~Powhatan~~^{Eytukan} is nearly

killed, and ~~John~~^{Jake} sustains injuries from ~~Governor Ratcliffe~~^{Colonel Quaritch}, who is then ~~brought to justice~~^{shot with arrows!}. ~~Pocahontas~~^{Neytiri} risks her life to save ~~John~~^{Jake}. ~~John~~^{Jake} and ~~Pocahontas~~^{Neytiri} finally have each other, and the

two cultures resolve their differences. IMHO - MATT BATEMAN
